Engineers sought for MeitY funded Processor Design project at CUSAT

CUSAT is seeking engineers with Electronics and Computer Science Engineering background to work on designing Indigenous processors funded by the Ministry of Electronics and IT, Govt of India. CUSAT is the nodal centre for this industry collaborative project. Candidates with UG/PG experience in Electronics sub areas such as VLSI Design/Verification, EDA Tools or Computer Science may apply to work in this project with consolidated salary as per DST Norms. Apply online by filling the google form https://forms.gle/ZjzWb62JuhmnTEUb9 and a detailed resume highlighting experience in the relevant area of the project may be sent to c2s.cusat@gmail.com on or **before 28/4/2024**. Resumes sent through email without filling the google form will not be considered. Selected candidates have an opportunity to register for Ph.D Programme as a full time research scholar at CUSAT on qualifying the DAT Examination of the Department.
