

# **Department of Electronics, Cochin University of Science & Technology, Kochi**

## **Summer Internship Opportunity at CUSAT**

Department of Electronics, CUSAT has a summer internship program which aims to introduce undergraduate and postgraduate students to the area of VLSI Design. This 2-weeks internship initiative is organised to get students interested in this area and is in association with a project under the Chip-to-Startup scheme of MeitY in the Department of Electronics. It combines hands-on training with various commercial hardware and software tools. The internship can be extended to a six-weeks activity or converted to an opportunity for the final year project for interested M.Tech. and B.Tech. students.

**Eligibility:** The program is open to 3rd and 4th year students of BTech in Electronics/Electronics and Communication/Computer Science/ Instrumentation/ Electrical Engineering. The program is also open to 2nd year postgraduate students in the related specialization.

**Application Process:** The application is to be submitted online by attaching the necessary details in the following google form - <https://forms.gle/Ahj91vG1Gt9KMqnUA> . The selection will be made on the basis of the academic record, an aptitude for research, accomplishments and area of research interest.
