

Dear Alumni,

It is my pleasure, as the Head of the Department and an alumna as well, to invite you to the **DoE Alumni Meet on the 31st of August 2019 at 10.00am at the Department of Electronics Auditorium, CUSAT**. As a department that was started more than four decades back and with the high quality of the students passing out over the years, one does not need much imagination to assess our alumni strength and their contributions to our society. The term "*Almamater*" means in Latin – *nourishing mother*. This gives us reasons enough to feel the warmth. The alumni association provides a platform to promote and foster the cordial relationship of our alumni with the other stake holders of our department.

The alumni activities of DoE (ALDEC) has been rechristened under the banner of "***The Alumni Association of the Department of Electronics, Cochin University of Science and Technology***". In order to constitute the executive committee and hence to commence the activities with a renewed rigor, as a patron of this association, I would like to solicit active participation from all of our dear alumni. You are requested to confirm your presence on the 31st of August by filling the google form link below (if you haven't filled it yet):

<https://forms.gle/ZHU5WnxfSA2P5SJZ7>

The bylaws formulated for the functioning of the department and university alumni association, CUSAT is available at doe.cusat.ac.in for your reference. Please find the invitation attached with the agenda for the day.

Looking forward to meeting you all !!

With warm regards,

Dr. James Kurian

Professor & Head, Department of Electronics

Cochin University of Science and Technology
